

## Now Released: Reusable Distraction Screws

TeDan Surgical Innovations is proud to announce the release of our reusable distraction screws.

### Features:

- **Easy deployment:** Quick Start™ design requires fewer turns to thread
- **Strong material:** When compared to titanium, stainless steel screws are more resistant to breaking
- **Designed for reuse:** Reusable design is less likely to bend than single use screws
- **Compatible:** Standard screw head uses existing hospital-owned screw drivers minimizing investment requirement
